Display and device technology continues to advance. So do we. Behind the simplicity of our products is a powerful combination of optical science and sheer ingenuity you've come to expect from 3M. Our responsive privacy and protection products are custom-cut to work simply and beautifully on most of today's smartphones to help protect your screens from everyday scratches, and help keep the information displayed on them private, even when you're on the go. You get incredibly crisp image clarity, while visual hackers with side views are kept in the dark. Adhesive-backed screen protector attaches easily and removes cleanly.

- Microlouvre technology delivers world-class effective 'black out' privacy from side views outside the 60-degree viewing angle
- Effective privacy in portrait mode; change orientation for shareable screen viewing
- Thin and touch-sensitive
- Incredible image clarity and glossy finish
- Custom fit for various phone sizes and brands
- Adds an extra layer of protection from everyday scratches and dust
- Residue-free adhesive-backed screen protector attaches easily and removes cleanly
- 100% hand inspected for quality assurance
