Make it with Maya computer animation software

Maya® 3D animation, modeling, simulation, and rendering software provides an integrated, powerful toolset. Use it for animation, environments, motion graphics, virtual reality, and character creation.

UV editor workflow, look, and feel

The UV Editor interface has been overhauled, and includes a new UV Toolkit with better tools and functionality.

Clump modifier for interactive grooming

Generate realistic clumping effects in hair and fur for more natural-looking hair.

After Effects live link

Create a live link between Maya and Adobe® After Effects® to make real-time changes and view scenes simultaneously.

Additional MASH nodes

The MASH toolset gives you new nodes (curve, signal, world, placer, and more), as well as updates to existing nodes.
