What is a Category 5e patch cable? Think of it as the street that links the houses on your block and all the destinations in town. This cable is used to connect all the hardware destinations on a Local Area Network (LAN). The RJ45 Molded Cat 5e Patch Cable is perfect for use with 10/100 Base-T networks. Complete with RJ45 male-to-male connectors and snagless molded strain relief.

50-micron gold plated connector contacts ensure reliable connection and data transfer

Backed by Belkin Lifetime Warranty!
