The Cisco® Smart Business Communications System (SBCS) enables businesses to enhance how they reach, serve, and retain customers. It is an affordable system that gives your staff anytime, anywhere access to business information and applications, making it easier than ever to communicate with customers and each other.

The Cisco Unified Communications 520 for Small Business, a critical part of the Cisco Smart Business Communications System, is an affordable unified communications appliance that provides voice, data, voicemail, Automated Attendant, video, security, and wireless capabilities while integrating with existing desktop applications such as calendar, email, and customer relationship management (CRM) programs. This easy-to-manage platform supports up to 64 phones and voice mailboxes and provides flexible deployment options based on your needs-a wide array of IP phones, public switched telephone network (PSTN) interfaces, and Internet connectivity.
