Cisco Meraki MX Security Appliances is ideal for organizations with large numbers of distributed sites. Since the MX is 100% cloud managed, installation and remote management is simple. The MX has a comprehensive suite of network services, eliminating the need for multiple appliances. Services include Layer 7 application firewall, content filtering, web search filtering, SNORT® based intrusion prevention, web caching, Intelligent WAN with multiple WAN uplinks and 4G failover.

Main specifications:

License
