- Cloud-based centralized management, eliminates on-site hardware controller
- Network-wide visibility and control
- Massively scalable, up to 10,000 APs
- Out-of-band control plane: network traffic does not pass through cloud, network stays up if connection to cloud is lost
- Powerful multi-site management tools
- Automatic RF optimization, network monitoring and alerts
- Seamless firmware and security updates
- Intuitive browser-based dashboard eliminates training and dedicated staff

## Main specifications:

### License

License quantity: 1 user(s)

License term in years: 1 year(s)
