Creative opportunities for students, and creative pricing for you.

Corel offers attractive licensing options to meet the needs of educators, IT staff and students in primary and secondary schools as well as higher education institutions.

Everything you need to bring your lessons to life! Your students will learn new skills while having fun and creating something to be proud of. As Corel products are so widely used in organisations all over the world, students can hone their talents for a multitude of industries - including film, games, advertising, consumer goods, photography, fashion, aerospace, motoring and manufacturing. Cost-effective pricing and easy management are part of the package too.
