An affordable, all-in-one suite for beginners, hobbyists and students

Enjoy a seamless design experience at home or at school using CorelDRAW® Home & Student Suite 2018 to create logos, layouts, newsletters, photo projects, social media content and more. Get started quickly with versatile in-product learning resources, a user-friendly Quick Start Guide and extensive design assets including high-quality clipart and photos, fonts, fills and templates.

Comprehensive suite

Create your best work with a comprehensive toolbox of user-friendly features for graphics, layout, illustration, tracing, photo editing, web images and art. It's perfect for all levels of design experience! Enjoy easy-to-use applications like CorelDRAW Home & Student 2018 and Corel® PHOTO-PAINT® Home & Student 2018, plus the new capability to directly upload to WordPress from within the product. You'll have everything you need to design with confidence and achieve stunning results every time.

Versatile design features

Unleash your creative potential and explore intuitive tools to express your unique style and delight your family, friends and teachers. Find all the features you need, including the new capability to add perspective to bitmaps and the new functionality of aligning and distributing nodes for time-saving controls to position objects with precise alignment.

Powerful photo-editing capabilities

Make the most of your photos with the control and precision you need to make them look perfect, even at high resolution. Explore easy-to-use tools to resize, crop, and apply special effects, plus access a collection of amazing photos. Rotate crooked images interactively with the new automatic alignment and straighten feature, plus intelligently adjust photo perspective.

Intuitive workflow

Complete your projects with streamlined tools and settings, making workflow and tasks simpler. With extensive file compatibility and support, you'll print or share with ease using popular file formats. Our new touch friendly UI workspace allows you to complete projects more proficiently with an extra responsive design experience, and you can accomplish designs faster with full support for Windows 10, stylus improvements, multi-monitor viewing and Ultra HD 4K displays.
