The top choice in painting software by artists worldwide

Achieve painting perfection with the most realistic and professional digital art studio. Painter® 2019 offers Natural-Media® and unlimited art materials to delight any illustrator, photographer or fine artist.

Created by PROS for PROS

Whether transitioning from traditional art to digital art software, or painting solely in the digital world, Painter will exceed your expectations. We rely on an advisory council of diverse artists to ensure that we meticulously emulate a traditional experience and surpass the needs of illustrators, fine artists and photo artists.

Contemporary user-requested updates

Launch a refreshing and transformed user interface to reveal a darker theme, allowing your painting process to take center stage. We've corrected a few imperfections that may have inhibited your full creative potential, freeing you to seamlessly execute your vision.

Compatibility and incredible performance

Thanks to enhanced support for multi-core processors and CPUs that use AVX2 extensions and extensive code optimizations, this is the fastest version of Painter yet. Windows multi-touch pan, zoom and rotate is a breeze. Wacom tablet painting and navigating is a dream. And we'll support your .PSD files.

Colossal brush collection

Imagine kicking off your creative exploration with over 900 inspiring brushes. Our latest version includes 36 NEW and diverse brushes plus the world's most realistic Natural-Media® and exclusive Particles, Pattern Pens, Thick Paint brushes and so much more!

Composition guidance

Ensure your final artwork is picture-perfect by using Painter's versatile Divine Proportion, Rule of Thirds, Perspective Guides, Professional Photo-Painting tools, Textures, Gradients, Selections and in-app learning to quickly guide you through to your final masterpiece.

Completely customizable

Paint your way. Customize or collaborate with others, and import just about anything you want: Brushes, Custom Palettes, Papers, Flow Maps, Colors, Textures, Patterns, Gradients, Nozzles, Looks, Weaves, Images and Selections.
