The Ultimate video editing software

Edit your media your way with the power, creativity, and control of Pinnacle Studio Ultimate - and edit your next production like a pro! Pinnacle Studio Ultimate delivers the tools you need to create pro-like videos, including premium effects from NewBlueFX. This fully-loaded, advanced editing suite delivers unparalleled precision and control, along with MultiCam Capture and Split Screen video for a big-screen effect. Create HD and 4K videos with the controls, filters, and precision you need to edit like a pro. Go beyond what you thought possible with Pinnacle Studio Ultimate!

Complete Color Grading

Stylize your image to set the tone and mood with new powerful color grading controls, including color correction, color wheels, LUT, waveform scope, and more. With precise controls, you're in the driver's seat when it comes to setting the ambience, creating a sun-kissed scenario or an ice blue landscape. Even match the color of two clips captured in different lighting! The creative possibilities and customizations are endless with Pinnacle Studio.

Three and four-point editing

Not only can you drag and drop your media to the timeline, but now precisely insert clips with new three and four-point editing. Mark the in and out points of your clip and identify the location on your timeline of where to place them for the ultimate level of flexibility and precision.

MultiCam Capture: Video Capture and Screen Recorder

Record your screen and webcam simultaneously and create engaging tutorial video. With unique screen recording software, you can easily capture video, system audio, and microphone sound in a single click and edit them together seamlessly with multi-camera editing.

Split Screen video with keyframes

Use keyframes to add motion to your split screen videos and show multiple video streams simultaneously. Create impressive promotional videos or share highlights from your latest trip. You're in control of how your story comes together with these new keyframe controls.

360 video editing

Simply import your 360 video footage and start editing. Correct color, trim footage, and export as 360 video or control the angle and convert to standard video. With support for all popular 360 formats, you can now turn your 360 video footage into a tiny planet effect and give your audience a fun perspective.

Premium Effects

Add incredible creative effects and correct almost any video problem with these premium effects from NewBlueFX. Get hundreds of dollars' worth of professional-quality special effects with Pinnacle Studio Ultimate - now with NewBlue Video Essentials I.
