The most secure 14" business laptop

- Protect data on any device, across external media and in the cloud with optional Dell Data Protection | Encryption.
- Choose your level of encryption with options ranging from simplified BitLocker management to the highest level of FIPS 140-2 protection commercially available for system disks.
- Ensure authorized access to your data with Dell Data Protection | Security Tools and advanced authentication options including fingerprint reader, FIPS 201-compliant smart card reader and RSA SecurID.
- Store credentials securely with a FIPS 140-2-certified Trusted Platform Module (TPM).
- Dell ControlVault adds another layer of hardware security by isolating user passwords and credentials on a separately controlled hardware chip.
- Stop advanced malware in its tracks with DDP | Protected Workspace, a proactive approach to malware protection that automatically detects and blocks all malicious behavior in real time — even zero-day attacks.

High-end performance

- Choose from the most powerful processors available, including 4th Gen Intel® Core i7 dual-core processors.
- Power through graphics-rich applications with up to 2GB memory.
- Boot up quickly with solid-state hybrid drive (SSHD) or solid-state drive (SSD) options that deliver reliable performance and fast return from sleep mode.
- Swappable batteries enable long periods of productivity away from an outlet. Keep extra batteries for easy swaps on the move.
- Dock with compatible E-Family docking stations in your office.

The most manageable business laptop

- Remotely manage and update your Latitude laptops with next-generation Intel® vPro technology.2
- Update once and update everywhere with Dell-unique Intel® vPro extensions for remote BIOS management, battery management and hard drive wipe, even when systems are offline.
- Save time and eliminate guesswork with Dell automated tools and utilities for deploying, monitoring and updating systems.
- Integration with Microsoft System Center and Dell KACE appliances enables efficient, centralized and automated management.
- Create a standardized environment and simplify deployments with long lifecycles, Dell Configuration and Deployment Services, and Dell Imaging Services.

Versatile collaboration

Easily connect to essential accessories such as keyboards, mice, printers and conferencing equipment with Bluetooth® 4.0. Communicate easily and effectively with an integrated HD webcam and microphone array. And keep a high-speed connection when you're on the move with mobile broadband, where available.

Durable design

Travel and work with confidence knowing your Latitude E6440 is built to be strong. Its MIL-STD-810G-tested Tri-metal chassis, anodized-aluminum exterior and powder-coated base combine for exceptional strength and lasting good looks.
