The Memor X3 mobile computer brings a host of new features designed to strengthen Datalogic's value proposition in the area of compact and lightweight terminals. The Memor X3 mobile computer is offered with a full portfolio of models featuring different scan engine options, including an entry-level linear imager, a top-performance laser scanner with Gorilla® Glass scan window, and a 2D imager ideal for pharmaceutical applications. All of the Memor X3 scan engines feature Datalogic's patented 'Green Spot' technology for good-read feedback.
