The DL-Axist PDA is a rugged PDA with Android and a brilliant full touch 5 inch screen. With industrial robustness, this PDA survives most any indoor or outdoor environment. This PDA has a Corning Gorilla Glass 3 touchscreen and scan window; the optional protective rubber boot delivers additional protection.

The DL-Axist PDA is equipped with a multi-purpose 2D imager providing quick and easy data capture from high density codes at standard distances, and includes Datalogic's patented 'Green Spot' technology for good-read feedback. An autofocus camera with a built-in LED flash is standard providing easy photo capture for applications requiring image documentation.

Datalogic's SoftSpot technology is included. This user-definable floating soft trigger can be positioned anywhere on the screen and programmed to execute almost any task.
