Product is discontinued. You can not order it anymore.

Like the vertical cable baskets these mount into the side of the RE and REC Series rack platforms. They are designed to mount to the front to rear side frame members using slide nuts to allow them to be positioned to suit the application and space constraints.

- Two width options for varying cabling volumes
- Ideally designed for 800mm wide rack applications
- Supplied with fixings and mounting instructions
- Finish: Zinc plated.

Main specifications:
