Designed as a tough business phone, the Gigaset R650H PRO is water splash and dust proof within a shock resistant design certified to rigorous IP65 standard.

With a rubber surface to ensure the perfect grip and all day long battery life, the Gigaset R650H PRO provides effective communication in any challenging environment.

Tough and dependable

Perfect for people working in professional trades and challenging environments such as workshops, warehouses, factories and building sites

Adapt to any situation

Flexible operation includes thick rubber keys for use while wearing gloves with illuminated alert and keypad for low light situations

Enhanced coverage

Optimised for use with all Gigaset pro base stations including Multicell systems to deliver complete coverage in many office environments and working surroundings

Professional quality

High quality audio and one touch adjustable profiles to quickly adapt to different operating environments with 14 hours of talk time and vibration option for notification in noisy environments

Optimised Audio

Initiative design with integration of an HD audio and HD voice feature set built into the hardware to deliver professional communication via the handsets and optional hands-free mode
