All Retail. No Compromise.
The compact and affordable HP RP3 Retail System provides retailers of all sizes with reliability and connectivity features that help maximize operating cost efficiency.

Compact and flexible for a variety of environments
- Maximize your operating cost efficiency with the affordable price point and compact form factor of the HP RP3 Retail System.
- Deploy as a traditional client or a thin computing platform in distributed store environments. It's an ideal solution for retailers of all sizes.
- Free counter space by placing the system beneath a display, on top of the cash drawer, or underneath the counter. Use in tight spaces, nearly anywhere you need a point of sale system.
- Connect to legacy and newer-generation retail peripherals with a wide range of serial and USB ports. Expand screen real-estatewith two displays through the DisplayPort and VGA video ports.
- Support online customer transactions, inventory checks and back office activities with integrated wireless or WLAN network
connectivity.

Designed to stand up to everyday wear and tear
- Choose the best type of storage for your environment; either a hard drive or a solid state drive for the durability of no moving parts.
- The sturdy steel chassis is designed for high-performance, high-traffic areas with extensive on-board monitoring and alerts to keep you in the know.
- Extreme environmental and shock testing help ensure the HP RP3 Retail System can withstand the most demanding of retail environments.

Environmentally responsible
- Built to operate in an ambient 40°C environment vs. an average ambient 35°C environment, the HP RP3 can run longer without external cooling - delivering a longer lifespan and more continuous, reliable performance.

Backed by HP
- Ease transitions and reduce support costs with an extended product lifecycle stability plan for consistency in your install base.
- Your investment comes with a three-year limited warranty with on-site, next business-day service for parts and labor.
- Select from a range of HP Care Pack Services to extend service contracts beyond the standard warranty.
