Get past your fear of power-failure with this revolutionary backpack. A built-in battery gives you the remarkable ability to charge your laptop, tablet, and smartphone wherever you are. Beautifully functional and exceptionally efficient, it's got the power to take you further.

Protects against overheating

A built-in heat sensor monitors backpack temperature and adjusts accordingly.

Cleared for takeoff

Meets security requirements for in-flight carry-ons.

Built to protect

Heavy-duty canvas exterior with interior padding and durable straps helps provide long-lasting laptop protection.

Easy access smartphone pocket

Easily access and use your phone while it's charging.

Laptop and USB micro cables included

Two USB micro cables for Android® devices and one laptop cable included.

Water resistant

Coated to resist wet weather and comes with its own raincoat.

With power priority, you control the order in which your devices charge.

Coated to resist wet weather and comes with its own raincoat.
