Join the new mobile revolution. The HP Elite x3 combines PC power and productivity, tablet portability, and smartphone connectivity in a single, astoundingly sleek, enterprise-secure, and tested-tough device that can dock with your screens and keyboards when you need to work big.

A revolution in mobility

- Work in ways you've never been able to before. For the first time, the HP Elite x3 puts the power of a PC in the palm of your hand, with a revolutionary high-performance processor, Windows 10 Mobile, and access to your corporate apps with HP Workspace.

Truly seamless

- The HP Elite x3 is HP's first built-for-business mobile device to deliver seamless phablet, laptop and desktop business productivity in a single device. Effortlessly switch between screens when you dock to a large display with Windows Continuum.

Access your corporate apps on the go

- Designed by HP to enable a new level of business mobility, HP Workspace lets you run your most frequently-used Windows and corporate applications virtually.

Built for business

- The HP Elite x3 is ready for work with business-grade security, HP support, and durability that's dust-and water-resistant and designed to pass MIL-STD 810G testing.
