Experience the power and productivity of a PC, the versatility of a tablet, and premium smartphone capabilities of your hand with the HP Elite x3, HP's first built for business 3-in-1 device. It's designed to deliver simple and seamless access to your people, apps, and data.

Superb manageability and value

Enable IT to reduce the combined footprint of devices and operating systems and drive mobile employee innovation with the HP Elite x3, which helps boost your return on your IT investment and employee satisfaction and productivity.

Simplify your IT

Make device and app management easier than ever with a single device that leverages your existing Windows infrastructure and can replace a separate smartphone, tablet, and PC.

Engineered to endure

The HP Elite x3 is a robust device thoughtfully designed to perform in even the most challenging environments. It has passed MIL-STD 810G testing[7] and is IP67 rated[8] for dust and water resistance.

Optimized for business collaboration

Enjoy clear conversations with premium audio by B&O PLAY, dual front-facing speakers, active noise cancellation microphones, and an 8 MP front-facing camera that's great for Skype for Business® conference calls.

A high level of security

Help secure your data and apply corporate security policies with integrated hardware and software encryption, and iris and fingerprint authentication.

Turn every room into a screening room

Project your slide show, video, product demo, and more to a larger screen through the integrated Microsoft Miracast technology.[9]

We've got this

Avoid downtime when the unexpected happens with a worldwide, world-class one-year limited warranty delivered by HP experts. For supplemental coverage, optional HP Care services[10] are also available.
