iLO Advanced licenses provide an easy key-activated upgrade to full Lights-Out functionality on HP ProLiant Servers . Using HP iLO Advanced features, IT managers can perform most server management and administration tasks without physically visiting HP ProLiant servers. iLO Advanced licenses can be purchased standalone, or with a ProLiant Server order. For more information on iLO Licensing, visit www.hp.com/go/buy/ilo

Advanced functionality, such as graphical remote console, multi-user collaboration, and video record/playback can be activated with the optional HP iLO Advanced or HP iLO Advanced for BladeSystem licenses. The Advanced licensed features offer sophisticated remote administration of servers in dynamic data center and remote locations and can help significantly reduce cost associated with IT-related travel and unplanned downtime. Discover the licensed remote management capabilities of iLO Advanced to help simplify server setup, engage health monitoring and power and thermal control, along with promoting the remote administration of your HP ProLiant servers. All iLO Licenses work on systems with iLO 2, iLO 3, iLO 4. Ensure to check the compability matrix for support www.hp.com/go/compareilo. For more information on iLO Licensing, visit www.hp.com/go/ilo.
