Forged on the strength of a successful 12 year partnership, HP and VMware deliver proven solutions from the desktop, to the datacenter, and into the cloud. VMware and HP are the market leaders in end-to-end virtualization solutions, and work closely together to deliver cloud solutions you can rely on. As a result, you benefit from proven solutions, integrated support, and comprehensive consulting. Our joint commitment has led HP and VMware to be recognized as market leaders in virtualization and cloud computing.

HP and VMware work together to help customers realize the benefits of virtualization and cloud computing through joint development, testing and performance engineering.
