HP supports, certifies, and sells VMware Virtualization software on HP ProLiant servers. VMware from HP provides a comprehensive suite of virtualization solutions designed expressly for mission-critical enterprise computing.

 VMware Virtualization Software For HP ProLiant Servers includes a complete portfolio of VMware Infrastructure Software and the Insight Control Environment software: time-smart management software that delivers total control, maximum flexibility, and tangible savings for your ProLiant and BladeSystem infrastructure. Based on HP Systems Insight Manager and ProLiant Essentials software, the Insight Control suites deliver comprehensive system health, remote control, vulnerability scanning and patch management as well as flexible deployment and power management in one easy to install package for virtual and physical servers. SMP Universal licenses bundled with VMware software provides automated physical to virtual (P2V) and virtual to virtual (V2V) migrations.
