ScanPal 5100 Mobile Computer

Honeywell's ScanPal 5100 is a lightweight and reliable mobile computer that provides versatile data collection for communications within in-premise applications including data lookup/audits, inventory management, customer assistance, and merchandising. Designed with ergonomics in mind, the O5100 can be operated with a single hand. This pocket-sized mobile computer also features an angled engine-laser or imaging-that allows users to view the screen while scanning a bar code.
