Honeywell's Dolphin

6110 is a stylish and reliable mobile computer that
provides advanced data collection and real-time wireless communication
for in-premise applications including price lookup/audits, inventory
management, customer assistance, and merchandising.
Designed with ergonomics in mind, this pocket-sized mobile computer
features an angled imager that allows users to view the screen while
scanning a bar code.
Despite its stylish exterior, the Dolphin 6110 was built to withstand
harsh conditions. This IP54-rated device can endure exposure to dust,
dirt and splashing water, as well as accidental drops from distances
as high as 1.2 meters. The high-performing Dolphin 6110 can sustain
up to 500 tumbles from 1 meter, ensuring reliability for years to come.
Integrated 802.11 a/b/g/n wireless connectivity provides users with
access to critical data throughout the enterprise. A long-lasting battery
minimizes the need to change the battery during an eight-hour shift,
even in wireless, scan-intensive environments. Advanced security
protocols ensure data accuracy and security. Users can also make
phone calls using Voice over Internet Protocol (VoIP) technology,
eliminating the need to carry additional devices.
Powered by Adaptus
®
6.0, the 6110 with the imager option delivers
the broadest suite of advanced data capture capabilities, including
linear and 2D bar code scanning, digital image capture, and intelligent
signature capture, allowing users to increase effi ciency and improve
customer service.
Purpose built for in-premise applications, Dolphin 6110 provides mobile
workers with the tools needed to streamline tasks, improve productivity,
and maximize investment protection

Main specifications:

Display
Display diagonal: 2.8 "
Display resolution: 240 x 320 pixels

Touchscreen:	N
Display:	LCD
Display number of colours:	65536 colours

Memory

Internal memory:	512 MB
Internal memory type:	RAM
Compatible memory cards:	MicroSDHC
Flash memory:	512 MB

Processor

Processor frequency:	800 MHz
Processor family:	Instruments OMAP
Processor manufacturer:	Texas Instruments

GPS Performance

GPS (satellite):	N

Software

Operating system installed:	Windows Embedded Handheld 6.5.3

Wireless LAN features

Wi-Fi:	Y
Wi-Fi standards:	802.11a,802.11b,802.11g,802.11n
Security algorithms:	802.1x RADIUS,CCX v4,EAP,EAP-TLS,EAP-TTLS,LEAP,MD5,PEAP,TKIP,WEP,WPA-PSK,WPA2

Data transmission

Bluetooth:	Y
Data network:	Not supported
Bluetooth version:	2.0+EDR

Camera

Built-in camera:	N

Audio

Built-in microphone:	Y
Speakers:	Y

Ports & interfaces

Headphone outputs:	1
RS-232 input ports:	1

Operational conditions

Storage temperature (T-T):	-20 - 70 °C
Operating relative humidity (H-H):	0 - 95 %
Operating temperature (T-T):	-10 - 50 °C

Power

Battery technology:	Lithium-Ion (Li-Ion)

Technical details

Colour of product:	Grey,Silver
Phone function:	N
RFID reader:	N
