The Honeywell ScanPal EDA50 enterprise hybrid device (EHD) delivers an exceptional end-user experience for mobile workers that need to obtain real-time visibility into business-critical information. Designed to handle all-day, every day use, the ScanPal EDA50 device enables workers on the retail floor to access, as well as capture and send, crucial business information in real time.

Specifications

An industry-leading platform: Qualcomm Snapdragon 410 processor with 1.2 GHz quad-core CPU enables fast access to businesscritical applications.

Large, 12.7-cm (5-in) Corning Gorilla® capacitive touchscreen is readable both indoors and outdoors, and works when used with wet hands.

Lightweight design offering the user the perfect combination of durability, comfort, convenience and portability. Small enough to fit conveniently into a pocket.

Featuring smart battery technology, the ScanPal EDA50 device can power through a full shift and beyond.

ScanPal EDA50 devices can be easily connected to multiple devices, providing the ability to support more use cases and applications
