4th Generation Intel® Core Processors

4th generation Intel® Core processors deliver the performance to increase productivity for your business. Devices turn on in an instant and are always up-to-date. You can multitask quickly and move effortlessly between applications, collaborate wirelessly in a high quality videoconference — all with the convenience of longer battery life. Plus, you can guard against identity theft and ensure safe access to your network with built-in security features. In fact, the only thing more amazing than an Intel Core processor-based PC is what your users will do with it.

Precision Keyboard Enhanced for Windows 8

Full-sized and spill-resistant, the legendary ThinkPad ergonomic keyboard is renowned for its full array of keys, excellent feel, and TrackPoint® pointing device. And now it's optimized for Windows 8 with convenient multimedia buttons, LED status indicators, Function-lock capability, and immediate access to view apps. Plus, a larger, smooth trackpad with 5-point click integration — indicated by subtle bumps and stripes — can be configured multiple ways through Settings. Optional backlight makes working in dark environments effortless.

Thin and Light

The ThinkPad T440 starts at just 4 lbs — and with a 0.8" profile at its thickest point, is mobile as well as powerful.

14" HD+ Display with Optional Multitouch

Configure your T440 with an HD+ (1600 x 900 resolution) LCD display with high brightness and enjoy a premium visual experience. For enhanced navigation configure your T440 with 10-point multitouch.

Ultradurable Construction & MIL-SPEC Tested

Innovative roll-cage technology adds extra strength and rigidity to the notebook shell and top cover (carbon fiber top with magnesium bottom for maximum strength without adding weight). Military-specification testing validates the ruggedness, durability, and quality of ThinkPad products by testing against eight parameters: high pressure, humidity, vibration, high temperature, temperature shock, low pressure (15,000 ft), low temperature, and dust.

Power Bridge Battery Delivering up to 17 hours Battery Life

The standard configuration of T440 includes 2 x 3-cell batteries, one internal and one swappable. Power Bridge allows you to swap the rear battery without powering down your system. This is much needed for long flights or travelers who are away from power sources for an extended period of time and can give you up to 17 hours of use without needing to plug in.

VGA Port

A VGA port for projector connections in conference rooms is still a business must-have, and a native VGA means no dongles to buy/lose/replace.

Dual Speakers with Dolby® Advanced Audio v2

Dolby® Advanced Audio is a suite of audio technologies that enable your ThinkPad to deliver a crisp, clear surround sound experience over its built-in stereo speakers. The technology increases audio clarity for VOIP applications, maximizes volume output without distortion, and improves dialogue clarity when watching videos.

Integrated 720p HD Webcam

Crystal clear video, face tracking and keystroke noise suppression technology will help you web conference or chat like

you're really there. Dual digital array microphones ensure a premium audio experience.

Investment Protection

Assure worry-free enjoyment of your T440 with accidental damage protection, which keeps you covered in the event of accidental damage -- such as drops or spills -- that occur under normal working conditions.

Main specifications:

Design

Product type:	Ultrabook
Colour of product:	Black
Form factor:	Clamshell

Processor

Processor frequency:	1.9 GHz
Processor family:	Intel Core i5-4xxx
Processor model:	i5-4300U
Processor boost frequency:	2.9 GHz
Processor cores:	2
Processor threads:	4
Processor cache:	3 MB
Processor cache level:	L3

Memory

Internal memory:	4 GB
Internal memory type:	DDR3-SDRAM
Memory clock speed:	1600 MHz
Maximum internal memory:	8 GB

Storage

Total storage capacity:	128 GB
Storage media:	SSD
Number of SSDs installed:	1
Solid-state drive capacity:	128 GB
Solid-state drive interfaces:	Serial ATA II
Card reader integrated:	Y
Compatible memory cards:	MMC, SD, SDHC, SDXC

Display

Display diagonal:	14 "
Display resolution:	1366 x 768 pixels
Touch sensitive screen:	N
LED backlight:	Y
Full HD:	N
Aspect ratio:	16:9
Display brightness:	200 cd/m ²
Contrast ratio (typical):	350:1

Graphics

On-board graphics adapter model:	Intel HD Graphics 4400
----------------------------------	------------------------

Optical drive

Optical drive type:	N
LightScribe:	N

Audio

Audio system:	Dolby Home Theater v4
Number of built-in speakers:	2
Speaker power:	2 W
Built-in microphone:	Y

Camera

Front camera:	Y
Front camera resolution:	1280 x 720 pixels

Networking

Bluetooth:	Y
Wi-Fi:	Y
Wi-Fi standards:	802.11b, 802.11g, 802.11n

Ethernet LAN:	Y
Ethernet LAN data rates:	10, 100, 1000 Mbit/s
Bluetooth version:	4.0
Ports & interfaces	
USB 3.0 ports quantity:	2
VGA (D-Sub) ports quantity:	1
DVI port:	N
Ethernet LAN (RJ-45) ports:	1
Headphone outputs:	1
Microphone in:	Y
S/PDIF out port:	N
Combo headphone/mic port:	Y
Docking connector:	Y
DC-in jack:	Y
ExpressCard slot:	N
CardBus PCMCIA slot type:	N
SmartCard slot:	N
Mini DisplayPort quantity:	1
USB Sleep-and-Charge:	Y
USB Sleep-and-Charge ports:	1
Performance	
TV tuner integrated:	N
Keyboard	
Numeric keypad:	N
Windows keys:	Y
Spill resistant keyboard:	Y
Built-in touchpad:	Y
Operating system/software	
Operating system installed:	Windows 8 Pro
Operating system architecture:	64-bit
Processor special features	
Intel Wireless Display (WiDi) Technology:	Y
Intel Smart Connect Technology:	Y
Intel Anti-Theft Technology:	Y
Intel Smart Response Technology:	Y
Intel Identity Protection Technology:	Y
Intel vPro Technology:	Y
Intel visual technologies:	Intel Clear Video HD, Intel Insider, Intel Quick Sync Video
Intel Hyper-Threading Technology:	Y
Intel Turbo Boost Technology:	2.0
Intel Small Business Advantage (SBA):	Y
Intel Matrix Storage Technology:	Y
Intel HD Audio Technology:	Y
Battery	
Number of battery cells:	3
Battery life (max):	8.6 h
Power	
AC adapter power:	45 W
AC adapter frequency:	50/60 Hz
AC adapter input voltage:	100 - 240 V
Security	
Cable lock slot:	Y
Fingerprint reader:	Y
Trusted Platform Module (TPM):	Y
Password protection:	Y
Password protection type:	HDD, Power on, Supervisor
Weight & dimensions	
Weight:	1680 g
Width:	339 mm
Depth:	232.5 mm
Height:	21 mm
Packaging data	

Manual:	Y
Quick start guide:	Y
AC adapter included:	Y
Power cord included:	Y
Certificates	
Energy Star certified:	Y
EPEAT compliance:	Gold
RoHS compliance:	Y
