Works the Way You Do.

Thin and light 14" 2-in-1 convertible, the ThinkPad X1 Yoga supports four flexible usage modes for when you want to work, present, create, and connect.

Durable, Yet Ultrathin & Ultralight

The full-sized, backlit keyboard is spill-resistant and the keys retract automatically when not being used as a laptop, so they are not exposed when the keyboard is face-down on a desk or table. Plus, the X1 Yoga is tested against military specifications and made to endure extremes. Yet for all its durability, it weighs just 2.8 lbs / 1.27 kg, making it the world's thinnest and lightest 14" 2-in-1 business laptop. Like the rest of the X1 family, this convertible Ultrabook is thin, light, and tough.

Richer Colors, Sharper Contrast

These self-lighting pixels render a wider range of highly accurate colors, so your work, video, photos, and web pages look better than ever with richer colors and sharper contrast.

Be Creative

The X1 Yoga lightweight 2-in-1 laptop includes a dockable stylus pen that recharges when connected—just 15 seconds of charging gives up to 100 minutes of use. And because it docks into the laptop, you can keep it handy for when you need it for drawing, annotating documents, or making notes.

Handwriting Made Easy

With Lenovo's exclusive WRITEit technology, you can enter handwriting into any input field across hundreds of apps, and it automatically suggests and corrects your writing.

Powerful Performance

The new lightweight X1 Yoga features a Windows 10 Pro operating system and up to 6th generation Intel® 7-6600U with vPro—that means lots of manageability features and enhanced security.

Ultrafast Storage Options

With ultrafast Samsung PCIe NVMe SSD storage, you can open files and applications more than two times faster than SATA SSD*

* Results represent the overall performance in the Storage Access test, which evaluates storage read / write performance in 10 applications. PCIe NVMe SSD is an optional configuration. Products can also be configured with regular PCIe SSD or SATA SSD.

Connect Anywhere, Anytime—Unplugged

With optional LTE-A, you get the fastest, most advanced mobile broadband technology. And you can boost your productivity with the optional WiGig Dock (only available with 2K display), which lets you connect wirelessly for dual

displays, audio devices, and more. With the X1 Yoga, you can stay connected yet go unplugged all day, and then some, as the battery lasts up to 11 hours*.

* Based on testing three different product configurations with MobileMark 2014. Battery life varies significantly with settings, usage, and other factors.

Main specifications:

Design

Product type:	Ultrabook
Colour of product:	Black
Form factor:	Convertible (Folder)
Housing material:	Carbon fiber
Market positioning:	Business

Processor

Processor frequency:	2.5 GHz
Processor family:	Intel Core i7-6xxx
Processor model:	i7-6500U
Processor boost frequency:	3.1 GHz
Processor cores:	2
Processor threads:	4
Processor cache:	4 MB
Processor socket:	BGA1356
Processor cache type:	SmartCache
Motherboard chipset:	Intel SoC

Memory

Internal memory:	8 GB
Internal memory type:	LPDDR3-SDRAM
Memory clock speed:	1866 MHz
Maximum internal memory:	8 GB
Maximum internal memory (64-bit):	8 GB
Memory form factor:	On-board

Storage

Total storage capacity:	256 GB
Storage media:	SSD
Number of SSDs installed:	1
Solid-state drive capacity:	256 GB
Solid-state drive interface:	Serial ATA III
SSD form factor:	M.2
Card reader integrated:	Y
Compatible memory cards:	MicroSD (TransFlash)

Display

Display diagonal:	14 "
Display resolution:	2560 x 1440 pixels
Touchscreen:	Y
LED backlight:	Y
HD type:	Wide Quad HD
Display surface:	Matt
Aspect ratio:	16:9
Display brightness:	270 cd/m ²
Contrast ratio (typical):	700:1
Panel type:	IPS
Touch technology:	Multi-touch
Touch screen type:	Capacitive

Graphics

On-board graphics adapter model:	Intel HD Graphics 520
Discrete graphics adapter model:	N
Maximum resolution:	3840 x 2160 pixels

Optical drive

Optical drive type:	N
---------------------	---

Audio

Audio system:	Dolby DAX 2
Number of built-in speakers:	2
Speakers manufacturer:	Conexant
Speaker power:	2 W
Built-in microphone:	Y

Camera

Front camera:	Y
Front camera resolution (numeric):	0.92 MP
Front camera resolution:	1280 x 720 pixels

Networking

Bluetooth:	Y
3G:	Y
4G:	Y
Wi-Fi:	Y
Wi-Fi standards:	802.11a,802.11ac,802.11b,802.11g,802.11n
Ethernet LAN:	N
Bluetooth version:	4.1
3G standards:	HSPA
4G standards:	LTE

Ports & interfaces

USB 3.0 (3.1 Gen 1) Type-A ports quantity:	3
HDMI ports quantity:	1
DVI port:	N
Combo headphone/mic port:	Y
Docking connector:	Y
DC-in jack:	Y
Mini DisplayPorts quantity:	1
USB Sleep-and-Charge:	Y
USB Sleep-and-Charge ports:	1

Performance

Electronic compass:	Y
Ambient light sensor:	Y
Accelerometer:	Y
Gyroscope:	Y

Keyboard

Pointing device:	Touchpad
Numeric keypad:	N
Windows keys:	Y
Spill resistant keyboard:	Y
Keyboard backlit:	Y

Software

Operating system installed:	Windows 10 Pro
Operating system architecture:	64-bit

Battery

Battery technology:	Lithium Polymer (LiPo)
Number of battery cells:	4
Battery life (max):	11 h
Battery capacity (Watt hours):	52 Wh

Power

AC adapter frequency:	50/60 Hz
AC adapter input voltage:	100 - 240 V

Security

Cable lock slot:	Y
Cable lock slot type:	Kensington
Trusted Platform Module (TPM):	Y
Password protection:	Y
Password protection type:	HDD,Power on,Supervisor

Weight & dimensions

Weight:	1360 g
Width:	333 mm
Depth:	229 mm
Height:	16.8 mm

Certificates

Energy Star certified:	Y
RoHS compliance:	Y
EPEAT compliance:	Gold
Certification:	MIL-STD-810G
