Looks like an iPad, feels like a laptop

Turn your iPad into a laptop. Concave keys are comfortably-spaced in a familiar layout. Includes a row for iOS shortcuts.

Designed for optimal typing

iPad doesn't bounce or tip when you tap. Keys have plenty of room, yet the screen is right at your fingertips for fluid use.

Smart power management

Focus is a mobile, Bluetooth® keyboard that provides lasting power yet conserves battery life. iPad and Focus both automatically turn on when you need them and off when you don't.

Lightweight, but serious about protection

Incredibly thin and light, the Focus keyboard case protects against bumps, scratches, and spills.

Easy typing, convenient viewing

It's a keyboard case when you need to type and a viewing stand when you don't.

Typing mode sets ideal viewing angle for both typing and screen interaction.

Lay-flat reading mode automatically turns keyboard off.

## Main specifications:

### Design

Colour of product:	Black
Cover:	Y
Cable lock slot:	N
Material:	ABS synthetics, Polycarbonate, Synthetic
Protection features:	Scratch resistant, Splash proof
