PRO BEYOND
Slim Combo pairs with iPad Pro for the ultimate Pro experience. Four distinct modes give you unparalleled versatility, and Smart Connector pairs and powers your keyboard in one magical instant.

FOUR VERSATILE MODES
A protective cover and detachable keyboard supports 4 use modes - Typing, Viewing, FaceTime, Reading - giving you amazing versatility.

ALL PRO. ALL DAY. ALL NIGHT.
Full-size backlit keys, smart iOS shortcuts and the most laptop-like typing experience on iPad Pro.

CONNECT LIKE A PRO
Batteries aren't included, because you'll never need them. Place your iPad Pro into Smart Connector and your keyboard instantly pairs and powers on.

PRO STYLED PERFECTION
360 degrees of protection in an impossibly slim keyboard and case combo for 12.9 inch and 10.5 inch iPad Pro.

IPAD PRO CONTROLS AT YOUR FINGERTIPS
A full row of iOS shortcuts puts the power of iPad Pro at your fingertips:

1 - Home: Go to home screen
2 - Screen brightness: adjust screen brightness up or down
3 - Search: bring up iOS search field
4 - Language: switch keyboard input language
5 - Backlighting: adjust brightness of keyboard backlighting
6 - Media controls: Back, Play/Pause, Forward
7 - Volume controls: Mute, Volume up, Volume down
8 - Screen on/off - locks iPad Pro screen.

LEAVE THE KEYBOARD BEHIND
Whenever you don't need typing, detach the keyboard and enjoy your beautiful iPad Pro screen with nothing standing in the way.

ALL THE RIGHT ANGLES
There's a right angle for every situation - and it's not always 90 degrees. Two micro hinges ensure that Slim Combo smoothly reclines within 50 degrees range and stays in place once you've got that perfect setting.

HANDS-FREE HELLO
When a call comes in, simply switch Slim Combo into portrait mode for a hands-free FaceTime experience that captures less background and more of what matters.

CREATE, READ, AND BROWSE
Go for a minimalist hand-held mode to sketch out an idea or just sit back and get lost in an article or e-book without distractions.

ADDITIONAL FEATURES
- A HOME FOR APPLE PENCIL
Apple Pencil brings a whole new creative experience to your iPad Pro, and Slim Combo's Apple Pencil holder makes sure it's always by your side. Slide your Apple Pencil into the holder- where it won't get lost, or in the way.

- LAPTOP-LIKE TYPING
Punch out emails - or an entire novel - on a full-size keyboard with carefully-crafted well-spaced concave keys. 3 levels of adjustable backlighting keep you productive in low light.

- PAIR IN AN INSTANT VIA SMART CONNECTOR
Slim Combo connects to iPad Pro via physical connector, meaning you will never have to pair your keyboard again. Just click in and type away. When you are done, detach the keyboard to disconnect.

- FORGET ABOUT CHARGING. FOREVER
Slim Combo has been designed specifically for the 12.9 inch and 10.5 inch iPad Pro. The keyboard has no charging cable, batteries, or blinking indicator light - getting all of its power directly from iPad Pro. It uses minimum power - 0.3%-2.3% of iPad Pro battery for every hour of typing. Plus, any iOS updates are communicated directly to your keyboard via Smart Connector.
