Get it done with Office

Office Home & Business 2016 is designed to help you create and communicate faster with time saving features, a new modern look, built-in collaboration tools, and the power of Outlook for email, calendars and contacts. Plus, you can save your documents in the cloud on OneDrive and access them from anywhere.

Outlook

Easily manage your email, calendar, contacts, and tasks. Push email support keeps your inbox up to date, conversation view groups related messages, and calendars can be viewed side-by-side for planning.

Word

Create and share professional-looking documents with state-of-the-art editing, reviewing, and sharing tools. The new Design tab provides quick access to features, and Smart Lookup shows relevant contextual information from the web directly inside Word.

Excel

Analyze and visualize your data in new and intuitive ways with a fresh user interface plus your favorite keyboard shortcuts. Leverage features like Analysis Toolpak, Slicers, and Formula Builder to save time, so you can focus on insights.

PowerPoint

Create, collaborate, and effectively present your ideas with new slide transitions and an improved Animations task pane. Threaded comments alongside your slides help you incorporate feedback into your presentations.

OneNote

It's your very own digital notebook, so you can keep notes, ideas, web pages, photos, even audio and video all in one place. Whether you're at home, in the office, or on the move, you can take it all with you wherever you go while sharing and collaborating with others.

Your stuff anytime, anywhere

Sign in to Office 2016 and use OneDrive to easily access your recent documents on any device with seamless integration.
