Work visually. Diagramming made simple.

Create professional diagrams effortlessly

Visio makes it easy and intuitive to create flowcharts, network diagrams, org charts, floor plans, engineering designs, and more using modern shapes and templates, with the familiar Office experience.

Collaborate with others and share diagrams seamlessly

Visio lets you work together on diagrams to include insights from all stakeholders. And with Office 365*, multiple team members can now work on a single Visio diagram at the same time, helping reduce extra time and effort.

Connect diagrams to real-time data to make decisions quickly

Communicate real-time data with a real-world visual. Link your shapes and diagrams to popular source files and, with applied shape formatting, automatically update to reflect changes in the underlying data, either in Visio or through Office 365* apps and services.

Create and share diagrams in your favorite browser with Visio Online

Recreate a flowchart, map an IT network, build an organizational chart, or document a business process, Visio Online helps you work visually from almost anywhere enabling your team to view or comment on diagrams through a web browser.
