NEXT UPS Systems Single Phase products come with a standard 3 year onsite warranty. Optional Warranty extensions up to 5 years are available for every Single Phase model.

Maximize your peace of mind and the reliability of your installations while dramatically increasing service continuity and uptime. For all Single Phase products, NEXT UPS Systems offers you a full range of distributed Service Packs.

All NEXT UPS Systems Single Phase products grants your peace of mind for 3 years thanks to:

- UPS standard exchange on site
- Professional help-line
- Fast and efficient service wherever you are located

The standard warranty on all Single Phase products is 36 months.

During this 3 years period your Single Phase UPS is covered by a standard exchange in the best timing conditions (depending on location, this can be between 48 & 72 hours). Logistic costs for shipping back your old UPS and delivering the new one will be covered by NEXT UPS Systems.

You will take advantage of a professional help-line who will grant you support thanks to the intervention of NEXT UPS Systems professionals.

NEXT UPS Systems SERVICE OFFERING

With the ready-to-use Service Pack (NEXT 5+), you receive solutions that are customized and adapted to your needs. Every Service Pack provides you with the best service levels adapted to your needs.
