Scan, Organise, Search and Share All Your Documents and Photos Quickly and Easily

PaperPort 14 is the fastest and easiest way to scan, share, search and organise documents, files and photos.

PaperPort 14 on your PC now delivers anytime-anywhere access to your most important files however it's convenient for you - using a PC, iPhone, iPad or Android device The visual document desktop along with one button scanning creates large clear thumbnails of all your documents that you can move and stack like paper, making Microsoft® Windows® more productive. It's no wonder millions of people worldwide rely on PaperPort to eliminate paper, get more organised and achieve new levels of personal efficiency.

Get more organised

PaperPort provides a single way to scan paper and access, view, edit and convert files on your PC.

Be an expert in no time

PaperPort reduces the complexity of scanning to a single push of a button. Setup is a breeze and once you get started, you will quickly have all your documents stored and accessible in one easy to use application.

Go green

Reduce waste and conserve energy by putting an end to your reliance on printing, faxing and mailing. You'll save money, too.

Keep track of documents

Once a document is filed electronically in PaperPort 14, it will never be lost, damaged or accidentally thrown away.

Get more done faster

PaperPort 14 includes a powerful PDF Viewer that can replace the free Adobe®Reader®, so you can view, edit and share PDF documents like never before.

Find information instantly

Now you can create searchable PDFs from digital files and scanned paper documents. Just enter keywords or phrases into Windows® or Google® Desktop Search and quickly locate a specific file.

Clean up and enhance digital photos

Make your digital photos look better than ever with a feature rich set of photo tools and optimal resolution for screen and print.

Convert paper into text

Just drag and drop onto any text application on the PaperPort Send To bar to turn scanned document images into editable text for use in popular word processing or spreadsheet software.

Fill out forms quickly, neatly

FormTyper® converts scanned paper forms into electronic forms you can fill out, save as PDF and email. It's fast, easy and automatic.

Works with any scanner

Make your all-in-one printer, mobile scanner or desktop scanner faster and easier to use with PaperPort 14. Get better results, too.
