OmniPage Ultimate converts paper, PDF files and forms into documents you can share, edit on your PC, listen to with natural speech, or archive in a document repository. Amazing accuracy, support for virtually any scanner, the best tools to customize your process, and automatic document routing make it the perfect choice to maximize productivity. Included free with your purchase; PDF Create 8 and PaperPort Professional 14.

Superior OCR accuracy

Improved OCR engines deliver amazing accuracy for document conversion and archiving business critical documents.

Maintain perfect formatting

Converted documents look exactly like the original and are easier to edit than ever before, complete with columns, tables, bullets and graphics.

Mobile document capture

Capture text with a digital camera or iPhone®. Quickly convert your pictures to text documents with Nuance's most accurate 3D Correction technology available.

Works with any scanner

If your device can scan then it can work with OmniPage. Mobile scanners, desktop scanners, All-in-one and Multi-function printers all work more productively and with better accuracy using OmniPage.

Supports all your favorite applications

Supports the widest range of output formats including PDF, HTML, Corel® WordPerfect®, Microsoft® Word, Excel® and PowerPoint® (pptx) plus many more formats.

Convert documents in the cloud

Convert documents stored in Windows Live SkyDrive, GoogleDocs, Evernote, Dropbox, and many more. Includes the Nuance Cloud Connector powered by Gladinet.

Batch processing, amazing value

Schedule large volumes of files for batch processing from folders or email with unattended automation for real time processing of documents.

Complete forms processing

Convert paper forms to fillable and distribute electronically. OmniPage can collect data from PDF or paper forms and export to a spreadsheet or database.

Built-in automatic redaction and highlight

Redact or black out confidential text or quickly locate information with highlights. OmniPage can recognize and automatically mark up your text based on a list of key words.

Recognizes over 120 languages

Process, edit and store documents from anywhere in the world. OmniPage includes the recognition of languages based on the Latin-, Greek- and Cyrillic alphabets as well as Chinese, Japanese and Korean languages.
