Take office organization to new levels of productivity with the world's No. 1 desktop document management software. PaperPort Professional 14 combines fast, easy scanning with powerful PDF creation for simplified management of all your documents.

And now, PaperPort Anywhere uses the cloud to its full potential - to deliver files easily and securely to users of Windows and Macintosh personal computers, netbooks, tablets, and smart phones. PaperPort Anywhere extends the same concept to any computing device with a browser, giving you a better way to find, edit, and share files and documents.

PaperPort Anywhere: Access your Documents Anytime, Anywhere Using any Device

PaperPort Anywhere, our new service for secure document access, provides the benefits of your own document website in the cloud, while delivering free mobile applications with PaperPort's proven capabilities for desktop document management on the PC.

PaperPort Anywhere connects seamlessly to your PaperPort desktop to deliver anytime-anywhere access to your most important folders, files, documents, and photos via the convenience of popular web browsers for PC and Mac. You can manage your free PaperPort Anywhere account - up to 1 GB of storage with more available - from home, on the road, or wherever it is most convenient for you.

With PaperPort Anywhere, you can search and view documents by thumbnail, snippets, or list; browse PaperPort 14 desktop folders; create and manage cloud-only folders, upload new files from any computer and much more.

PaperPort Anywhere: Intelligent Mobile Applications for Users on the Go

To support users who are looking to manage documents using their mobile devices, PaperPort 14 in conjunction with PaperPort Anywhere now provides mobile applications for iPhone, iPad, and Android devices. Using these mobile applications, you can browse by folder, search by document content or name, view documents, and take pictures and upload documents - all from the convenience of a mobile device.
