It's time to change the way you use PDFs

Power PDF Standard 2 makes it easy for demanding customers to gain control over PDF files with the ability to create, convert, edit, assemble, fill forms and share PDF files.

It's nice to see a familiar interface

Power PDF offers an intuitive user interface that anyone familiar with Microsoft Office will be able to quickly learn and immediately put to work.

Share your thoughts and your PDFs easily

Tools business users need to annotate, mark up, secure and compress PDFs are built right in, to make working as a group easier than ever.

Never retype a PDF, or think twice about making one

Quickly convert files from Word to PDF, or from PDF to Word, without having to retype. Power PDF makes converting multiple PDFs at once a breeze.

Every PDF is 100% industry standard

It's easy to create a PDF from virtually any PC app that can print. Get 100% industry-standard PDFs with enhanced security features that are compatible with any PDF viewer.

Combine and assemble documents with ease

Now it's drag-and-drop simple to combine, remove or replace Word, Excel, PowerPoint, WordPerfect, JPG, BMP, TIF or XPS pages and files within a PDF.

Turn paper into PDFs with just a click

With Power PDF your scanner can create standard image, searchable or editable PDF instantly. You can even scan, highlight, cross-out or underline in single step.

Because there's always one more edit to make.

Word processing capabilities, right in your PDF

Power PDF Standard offers advanced functionality so you can edit words and sentences, replace pictures and graphics, and move items around in your PDF - the editing capabilities are endless.

Use and create PDF forms

PDF forms are everywhere and Power PDF lets you fill them in, edit them and convert them like never before. Share your information and sign forms right in Power PDF. And FormTyper automatically converts non-fillable forms into fillable PDF forms that you can complete, save and email.

Voice-controlled note taking

Included Dragon® Notes speech recognition requires no additional software and allows you to quickly and accurately capture notes within your PDF by speaking them instead of using the keyboard.

Always accessible, Always secure

Keep PDFs protected and secure

Add and manage digital signatures so the people know you sent the document and it hasn't been altered in any way.

Add passwords with secure 128-bit or 256-bit AES encryption and permission controls to protect document viewing, printing and modifications as you wish.

Connect directly to cloud accounts

Access documents anytime, anywhere through the web or mobile devices when you save PDFs in the cloud by connecting directly to your account in Box, Dropbox, Evernote, Google Drive and Microsoft OneDrive.
