Video conferencing on your deskphone

Polycom VVX 1500 D is a dual-stack business media desktop phone for busy executives and professionals. It is videoconference-enabled, comes with a touch screen, and provides lifelike unified communications.

To get the return on your unified communications investments that you want, and to improve how your organization communicates, you need the right desktop solution. A solution that will reduce the distractions associated with operating a technology and enable everyone to focus on the business.

Polycom VVX 1500 D is designed for a broad range of environments from small and medium businesses to large enterprises.

With Polycom VVX 1500 D, you can:

- Lower travel expenses with quick payback - fully equip an employee for the cost of one business trip
- Enhance productivity- increase remote collaboration, help build relationships, and easily view body language
- Enable innovative third-party applications through a full browser and highly customizable Polycom API
- Make simple and fast (one-touch) calls
- Provide easy access to voice, video, and applications with a single touch
- Benefit from an open application platform-it is apps-ready with API
- Have a solution that is flexible and future-proof-designed for UC environments
- Enjoy productivity and personalization applications, including Polycom Productivity Suite, Polycom My Info Portal and Digital Photo Frame
