A USB phone optimized for Microsoft Lync

The Polycom CX300 R2 has a two-line monochrome display, a telephone keypad and wide-band high-fidelity audio. It seamlessly integrates with and combines the look, sound, and feel of a conventional, enterprise-grade telephone with plug-and-play ease of use.

With the Polycom CX300 R2, you get:

- Clear, high-definition, wide-band audio, which maximizes the accuracy and productivity of real-time conversations whether in handset, full-duplex speakerphone, or headset mode
- The familiar dial pad and display of a traditional phone
