Power and Style at Your Space

The ANYSHOP® PRIME is a high-end touch screen POS system that delivers robust performance, alluring style and easy maintenance for various market segments.

Robust Performance

The ANYSHOP® PRIME employs the 4th generation Intel® Core Haswell i3, i5, i7 and Intel® Celeron quad-core J1900 processors. They allow the latest customer-focused applications to run with ease. The ANYSHOP® PRIME helps serve your customers faster.

Alluring Style

Sleek and elegant design of the ANYSHOP® PRIME can enhance store image and make your business look more attractive. Customizable colors can improve brand identity and be a key element of differentiation.

Advanced Display

The bezel-free 15" and 17" LED LCD display provide improved clarity and brightness, allowing for accurate transactions. Built with PCAP touch technology, it is activated with both fingers and gloves. Make it easy for you staffs.

Tool-less Design

The tool-less design of the ANYSHOP® PRIME delivers rapid installation. And its thumbscrews and modular technology enable service, maintenance and upgrade with ease. Save your time and reduce your cost.

Uninterruptible Power Supply

During a power outage, an optional smart battery provides emergency electricity to keep the POS system running and protect against data loss or system damage. Get additional security and peace of mind with UPS function.
