Socket Mobile's DuraCase is a one-handed solution, combining both the Samsung S7 and 800 Series attachable scanner. The 800 Series is your mobile device's attachable scanning tool while the DuraCase is a safeguard for both phone and scanner. Without compromising the convenience of your S7, the DuraCase fits like a rubberized glove, coupling your scanner and Samsung phone into one. The scanner and mobile device even charge simultaneously with the charging dock (included in packaging). Featuring RAM® IntelliSkin with GDS technology, DuraCase is designed for on-the-go workforces requiring handheld devices. DuraCase helps prevent scratches and bacteria from tainting your phone and scanner. A stumble wouldn't hold you down, and with the DuraCase, a fumble isn't about to stop your devices from getting the job done.

Provides one-handed solution

Compatible with Samsung S7

Encloses and protects both Socket Mobile's 800 Series barcode scanner and Samsung device with durable Elastomeric (rubber) case

Integrates connectors from both devices directly into the case for dual charging

Features magnetic contacts for ease of docking

Made with antimicrobial material for ease of cleaning and extra protection against potentially harmful microbes

Designed & made in USA
