## Take your soundtrack anywhere

Immerse yourself in superb stereo sound, even when you're caught in a shower or breaking a sweat. With resilient water resistance and dust protection, the Stereo Headset STH32 is proven to withstand any weather.

## Effortless hands-free control

Thanks to the inline remote and microphone, you can easily manage your calls, music and volume with just the press of a button. And if you need more, a long press summons Google Now or Siri for instant voice activation.

## A treat for the eyes and ears

### Standout design

The headset's four bold colours are made to match the latest Xperia smartphones, while still being stylish enough to suit any device. And because they're ergonomically shaped to fit your ears, they're comfortable all day long too.
