Easy portability from a rounded and stylish design

The clean, sleek design with round corners makes it the perfect addition to your existing tech accessories.

10,000mAh: Up to 3 times charge for smartphone

The portable charger can recharge your smartphone up to 3 times before it runs out. Take it camping, on long-haul flights, or simply use it as a back-up power supply.

Sony's Safe Charge

Our portable chargers feature Heat Resistant Design, Intelligent Power Controller and Gel Polymer Battery exclusive technology to maintain safe and reliable performance with repeated use.

Charge-through function included

Connect your portable charger in-line with your device and both can be charged from the same outlet. It fully charges your connected device first and then automatically switches over to charge the portable charger.

Great charging cycle: 1000x rechargeable

Thanks to a gel-polymer battery, the CP-V10B portable charger is rechargeable up to 1,000 times.

Elegant matte surface

This portable charger has a high-quality matte finish, which adds a touch of luxury to your style while providing a comfortable grip that prevents accidental drops.

Compatible with your USB devices

Charge smartphones, as well as tablets, cameras and other USB devices, thanks to the supplied micro USB cable.

1.5A output for fast charge

Recharge your smartphone as fast as an AC wall charger - up to 3 times faster than conventional portable chargers.
