iPhone 7 Case Slim Armor

Introducing the first of its kind - a dual-layered case that is protective, slim but now with the option of having a clear inner TPU (available only in Rosegold and Satin Silver). Its transparency adds a unique touch as well as exceptionality to Spigen due to its patent-pending entity. Its design was executed with the new iPhone 7 design in mind, following every inch of its contours to avoid bulkiness and heftiness. Added convenience is provided with its built-in kickstand that is activated at one graze.
