Spigen Thin Fit was designed for minimalists that enjoy the look of barely having a case. The Thin Fit is made of a premium polycarbonate (PC), which is the secret to an extremely lightweight and bulk-free casing. The Spigen Thin Fit stays compatible with magnetic car mounts with its space for QNMP and other metal plates. Precise cutouts around the phone's buttons and features allow for quick access and original click response. Keep your Samsung Galaxy S8 slim with the Spigen Thin Fit.
