The all-new Neo Hybrid® Urban may look sleek and slim but it is deceptively packed with drop defense. Precision is key in the design of the Neo Hybrid® Urban, having a fine-cut rigid bumper with a shock-absorbent cover, to keep things ultra slim. And with a reinforced bumper, it is now ever stronger to withstand a drop without much damage. The back has a dual-textured surface with a matte finish for fingerprint-resistance. Give the Samsung Galaxy S9 Plus an upgrade in both style and defense with the Neo Hybrid® Urban.
