THE HYBRID ULTRABOOK FOR PROFESSIONALS

With Ultrabook performance and tablet flexibility in one device, the fully detachable 31.75 cm (12.5") Portégé Z20t-B for professionals enables you to create or consume content almost anywhere. The device is ideal for day-to-day business use - whether you're working at your desk, giving presentations, attending meetings, sharing ideas or taking notes. You can enjoy a long lasting battery life for increased productivity when on the move between boardrooms - and with a premium design that's thin and lightweight, carrying the Portégé Z20t-B around is easy too. Plus, with Toshiba's integrated Trusted Platform Module (TPM), all the data on your local storage will stay safe - leaving you to focus on getting your work done.

GREAT FOR PRESENTATIONS

If you have to give presentations on a regular basis, you'll love the Portégé Z20t-B's ultimate business flexibility. With just one click, you can transform the Ultrabook into a high performance tablet to present your work to colleagues and clients. The device's integrated handwriting recognition means you can take notes easily because the words you write with the included pen are automatically converted to digital text. What's more, there's a HDMI port for quickly linking to large screens, and the Portégé Z20t-B's thin and lightweight form factor makes it easy to carry around between meetings.

YOUR BUSINESS COMPANION

When you're at your desk, in a meeting, giving a presentation, or simply on the go, the Portégé Z20t-B's extensive connectivity options enable you to hook up to all the peripherals you might need. You can connect to a second screen via the HDMI or RGB ports, and access the network through the Gigabit LAN port. Impressive laptop performance is always on hand to help you tackle your multiple daily tasks - and there's even a backlit keyboard for clearer typing in low light environments.

PROVIDES PEACE OF MIND AT ALL TIMES

However and wherever you work, it's important to know that your business's critical data is kept secure - at all times. That's why the Portégé Z20t-B offers a number of advanced features designed to provide you with peace of mind - leaving you to concentrate on getting your jobs done without distraction. The device's Trusted Platform Module (TPM) safeguards the data on local storage, while Intel® Active Management Technology (AMT) allows your IT department to monitor, maintain, repair, update and upgrade machines remotely.

DESIGNED TO MAKE AN IMPRESSION

First impressions count when you're meeting customers and clients. That's why the Portégé Z20t-B has been designed to look the part in any professional setting. Its innovative detachable functionality means you can show-off several modes of usage and its stylish magnesium alloy chassis always looks great. The Portégé Z20t-B's sturdy build won't let you down either: at just 21 mm thin in laptop mode and 8.8 mm in tablet mode, the device is deceptively durable. The chassis is drop-tested up to 76 cm / 30", making it ultra reliable for all your daily in- and out-of-office work.

WORKS ALL DAY, EVERY DAY

In today's world of always-on computing, your device needs to stand up to relentless everyday usage. The Portégé Z20t-B has been specifically tested for repeated usage and is equipped with a battery life of up to 17 hours* - that's two full working days of power, which means you won't have to charge up as frequently. Consequently, the Portégé Z20t-B is efficient to the core. It even has EPEAT Gold certification and the latest Energy Star qualification, so it can be classed as an environmentally preferable product. Plus, with Toshiba Eco Utility software, you can manage your PC settings to optimise your power consumption as you see fit.

GOES WHERE YOU GO

If work takes you out of the office, you'll be prepared for almost anything with the Portégé Z20t-B. Its matt, non-reflective screen means you can work comfortably in direct sunlight - and its slim design means you can carry it home easily when the sun goes down. You can even benefit from full PC performance when in tablet mode because the Ultrabook performance extends seamlessly across both of the device's modes. What's more, with the latest wireless options - including Bluetooth 4.0, Wi-Fi AC, Wi-Fi N and HSPA+/LTE - you'll still be able to connect to your colleagues wherever you go.

Main specifications:

Design

Colour of product:	Black
Product type:	Notebook
Form factor:	Convertible (Detachable)

Display

Display diagonal:	12.5 "
Display resolution:	1920 x 1080 pixels
Touchscreen:	Y
LED backlight:	Y
HD type:	Full HD
Aspect ratio:	16:9
Panel type:	IPS
Touch technology:	Multi-touch
Touchscreen type:	Capacitive

Processor

Processor frequency:	1.1 GHz
Processor family:	Intel Core M
Processor model:	M-5Y51
Processor boost frequency:	2.6 GHz
Processor cores:	2
Processor threads:	4
Processor cache:	4 MB
Processor socket:	BGA 1234
Processor cache type:	L3
Processor lithography:	14 nm
Processor operating modes:	32-bit,64-bit
Stepping:	F0
Processor codename:	Broadwell
Thermal Design Power (TDP):	4.5 W
Processor series:	Intel Core M-5Y Mobile series
FSB Parity:	N
Maximum number of PCI Express lanes:	12
PCI Express slots version:	2.0
PCI Express configurations:	x1 (6), x2 (4), x4 (3)
Tjunction:	95 °C
Configurable TDP-down frequency:	600 MHz
Scenario Design Power (SDP):	3.5 W
Conflict Free processor:	Y
ECC supported by processor:	N

Memory

Internal memory:	4 GB
Internal memory type:	LPDDR3L-SDRAM
Maximum internal memory:	4 GB
Memory clock speed:	1600 MHz

Storage

Total storage capacity:	128 GB
Storage media:	SSD
Card reader integrated:	Y
Number of SSDs installed:	1
Solid-state drive capacity:	128 GB
Compatible memory cards:	MicroSD (TransFlash)

Graphics

On-board graphics adapter:	Y
Discrete graphics adapter:	N
On-board graphics adapter model:	Intel HD Graphics 5300
Discrete graphics adapter model:	Not available
On-board graphics adapter family:	Intel HD Graphics
On-board graphics adapter base frequency:	300 MHz
On-board graphics adapter dynamic frequency:	900 MHz
Maximum on-board graphics adapter memory:	16 GB
Number of displays supported (on-board graphics):	2
On-board graphics adapter DirectX version:	11.2
On-board graphics adapter ID:	0x161E

Audio

Audio system:	DTS
Built-in microphone:	Y

Camera

Front camera:	Y
Front camera resolution (numeric):	5 MP
Auto focus:	Y

Optical drive

Optical drive type:	N
LightScribe:	N

Networking

Bluetooth:	Y
3G:	Y
4G:	Y
Wi-Fi:	Y
Wi-Fi standards:	802.11a,802.11ac,802.11b,802.11g,802.11n
Ethernet LAN:	Y
Ethernet LAN data rates:	10,100,1000 Mbit/s
Bluetooth version:	4.0 LE
2G standards:	EDGE,GPRS,GSM
3G standards:	HSPA+
4G standard:	LTE

Ports & interfaces

USB 3.0 (3.1 Gen 1) Type-A ports quantity:	2
HDMI ports quantity:	1
Micro-USB 2.0 ports quantity:	1
VGA (D-Sub) ports quantity:	1
DVI port:	N
Ethernet LAN (RJ-45) ports:	1
Headphone outputs:	1
Combo headphone/mic port:	Y
Docking connector:	Y
DC-in jack:	Y
CardBus PCMCIA slot type:	N
Micro HDMI ports quantity:	1

Performance

GPS (satellite):	Y
Electronic compass:	Y
Ambient light sensor:	Y
Accelerometer:	Y
Gyroscope:	Y

Keyboard

Numeric keypad:	N
Pointing device:	Clickpad
Spill resistant keyboard:	Y

Software

Operating system installed:	Windows 8.1 Pro
Operating system architecture:	64-bit
Bundled software:	CyberLink Media PlayerDTS Studio SoundEvernoteTOSHIBA Display Utility TOSHIBA Eco UtilityTOSHIBA Function Key TOSHIBA PC Health Monitor TOSHIBA System Settings
Trial software:	McAfee Live Safe, Microsoft Office

Processor special features

Intel FDI Technology:	Y
Intel Rapid Storage Technology:	N
Intel Fast Memory Access:	Y
Processor ARK ID:	84669

Battery

Battery technology:	Lithium Polymer (LiPo)
Number of battery cells:	3
Battery life (max):	17 h
Battery life (tablet mode):	9 h

Power

AC adapter input voltage:	100 - 240 V
AC adapter output current:	2.37 A
AC adapter output voltage:	19 V
Power auto-sensing:	Y

Security

Cable lock slot:	Y
Cable lock slot type:	Kensington
Trusted Platform Module (TPM):	Y
Password protection:	Y
Password protection type:	HDD,Supervisor,User

Weight & dimensions

Weight:	1510 g
Width:	309 mm
Depth:	18.5 mm
Height:	21 mm
Weight (tablet mode):	730 g
Width (tablet mode):	309 mm
Depth (tablet mode):	199.9 mm
Height (tablet mode):	8.8 mm

Packaging data

AC adapter included:	Y
Toshiba Reliability Guarantee:	Y

Certificates

Energy Star certified:	Y
