### ENGINEERED WITH EXPERIENCE

Built on 30 years of experience in manufacturing premium laptops, Toshiba's Tecra A50-C and your business are the perfect match. The A50-C is designed for long-lasting versatility, while also remaining professional with a slim appearance and subtle, yet distinct design - striking a balance between aesthetic appeal, exterior durability and interior performance.

### THE TECRA STANDARD

Fulfil your users' business requirements with high performance and reliability. The power of an Intel® Core CPU up to i7 helps users stay productive from the start of the day right through to its end. And inside, premium components meet the high standard of quality for which the Tecra series is renowned. Intel® HD or Nvidia GT930M graphics ensure a clear view from the 39.6 cm (15.6") HD or Full HD screen, while the optional 256 GB SSD means that your business' most important documents, data, and media are to hand, in and out of the office.

### CONNECTED TO YOUR BUSINESS

Toshiba's Tecra A50-C enables you to output your onscreen content to two Ultra HD displays using the optional High Speed Replicator III docker. The docker conveniently allows you and your staff to extend the laptop's viewing capacity across external displays with ease - ideal for working on multiple documents at once, or sharing presentations with colleagues.

### RELIABILITY FROM TOSHIBA

Spill- and drop-resistant, the Tecra A50-C is designed to withstand the challenges of mobile usage, as tested and proven by the device's H.A.L.T. compliance. Inside, the 3D HDD Impact Sensor protects the HDD in the event of physical damage, keeping your business-critical data intact, while outside, a silent heavy-typing keyboard withstands even the most demanding workloads.

### EASY TO USE, EASY TO MANAGE

Manage a single Tecra A50-C, or an entire fleet with ease, thanks to a number of features that enable remote control and network-based management. The integrated high-speed Gigabit LAN facilitates rapid delivery of patches from an SCCM infrastructure, while the WMI-enabled bios allows the same SCCM system to remotely manage and configure all settings. What's more, the A50-C is protected by McAfee LiveSafe software from the moment the device is turned on.

### ENVIRONMENTALLY RESPONSIBLE

Take control of your business' energy consumption by better managing your power settings with Toshiba's Eco Utility software, built into the Tecra A50-C. The device is also EPEAT certified, confirming it as eco-friendly, and has qualified for the latest Energy Star rating for its state-of-the-art energy efficiency.

### YOUR BUSINESS TOOLKIT

While the Tecra A50-C is a great standalone business laptop, its benefits can be extended even further with a range of licensed Toshiba accessories. Increase the number of ports and make your A50-C into a connection hub with the Toshiba Dynadock or HSPR III docking station, and support heavier workloads with B2B-specific external storage devices, whether they be HDD, SSD, SD Cards or USB sticks. And for protection throughout the day, Toshiba also offers a range of bags and sleeves - allowing you to tailor the Tecra experience to your users' exact requirements.

## Main specifications:

### Design

Colour of product:	Black,Grey
Product type:	Notebook
Form factor:	Clamshell

### Display

Display diagonal:	15.6 "
Display resolution:	1366 x 768 pixels
Touchscreen:	N
Aspect ratio:	16:9
LED backlight:	Y

### Processor

Processor frequency:	2.3 GHz
Processor family:	Intel Core i3-6xxx
Processor model:	i3-6100U
Processor cores:	2
Processor threads:	4
System bus rate:	4 GT/s
Processor cache:	3 MB
Processor cache type:	Smart Cache
Processor socket:	BGA 1356
Processor lithography:	14 nm
Processor operating modes:	64-bit
Processor series:	Intel Core i3-6100 series
Processor codename:	Skylake
Bus type:	QPI
FSB Parity:	N
Stepping:	D1
Thermal Design Power (TDP):	15 W
Configurable TDP-down:	7.5 W
Configurable TDP-down frequency:	800 MHz
Tjunction:	100 °C
Maximum number of PCI Express lanes:	12
PCI Express slots version:	3.0
PCI Express configurations:	1x4,4x1
ECC supported by processor:	N

### Memory

Internal memory:	4 GB
Internal memory type:	DDR3L-SDRAM
Maximum internal memory:	16 GB
Memory clock speed:	1600 MHz
Memory form factor:	SO-DIMM
Memory layout (slots x size):	1 x 4 GB
Memory slots:	2x SO-DIMM

### Storage

Total storage capacity:	500 GB
Storage media:	HDD
Card reader integrated:	Y
Number of hard drives installed:	1
Hard drive capacity:	500 GB
Hard drive speed:	7200 RPM
Compatible memory cards:	MMC,SD,SDHC,SDXC
