- HDMI digital input for connection to external PC, notebook, tablet, or consumer electronics
- USB peripheral and storage inputs: 2 Type A USB + 1 micro USB and micro SD card reader
- VESA mountable design, 100mm holes ready for full ergonomics and comfort
- Kensington lock slot for optional security

Surf Big

Surf the web, access the cloud, in HD style Just like on your PC or notebook, you can access the web and cloud applications with the embedded web browser. Whether viewing your favorite news channels, checking your email, video chatting with friends and family, downloading new dinner recipes or just working on files through Google Docs, the VSD220 Smart Display is your perfect connected device to the internet. Always connected, wireless or ethernet You can stay connected with either Wireless or Ethernet connection, it's your choice! Just plug in the VSD220 and turn it on and you are instantly connected. You'll experience blazing access to web browsing, cloud based apps or streaming media.

TI Processor+ Android

Get where you want to fast. Enjoy the snappy responsiveness, and smooth, jitter-free HD media content with the outstanding combination of an IT OMAP 4430 processor and Android 4.0 Ice Cream Sandwich OS. Google GMS certification means you'll have access to all the latest Android apps in the Google Play Store. making the VSD220 a well equipped alternative to traditional desktop PCs and AIO computers.

Imagine all your favorite apps, on a 22" Full HD screen

Get all your favorite apps on your VSD220 Smart Display! Explore hundreds of thousands of apps on the Google Play Store, and enjoy handpicked entertainment and productivity apps from ViewSonic's own Appzone. Your Android world just got a whole lot bigger!

Keep in touch with friends and family

Like, follow and connect with your friends and family through your social networks. Reply to email using the standard email apps or the embedded browser. Share photos, play YouTube videos or video chat with the integrated webcam.

Game Bigger

If you love Angry Birds on your cell phone, imagine playing on a generous 21.5" Full HD 1080p screen, with 5ms response time and integrated speakers. The VSD220 gives you the ultimate Android gaming experience.

Game Better

Turn the VSD220 into gaming monitor. Simply plug in your gaming console using the HDMI connector. The SRS 3D sound technology completes the package with outstanding stereo performance.

See it All

A fast response time and Full HD resolution makes streaming HD media content and watching movies more exciting than ever. HDMI input also allows you to connect a Blu-ray player or set top box, and enjoy all your favorite movies or programs with the VSD220 Smart Display.

Windows on Android, Yes!

The VSD220 is Citrix certified which provides users secure, fast and convenient access to remote desktop and applications on their Citrix servers in a familiar Windows environment. This makes the VSD220 a perfect thin client device for Education, SMB and Enterprise customers. Citrix Receiver app is available for download on the VSD220 product page on ViewSonic.com and also Google Play.

Use it Your Way

Getting started with your VSD220 Smart Display is as easy as plugging it in and turning it on. You can enjoy the touch interaction with the dual point optical touch or connect a USB keyboard and mouse if you prefer. You'll find two full size USB ports along the right edge of the display. You can also connect your Bluetooth devices wirelessly for added convenience.

Peace of Mind

The industry leading pixel performance guarantee and 3-year limited warranty, makes ViewSonic a market leader commitment to quality. ViewSonic is dedicated to using the highest grade panels and offers solid products you can count on.
