From the sales floor to the backroom, the Motorola MC2100 Series Mobile Computer has what it takes to affordably automate the capture of inventory data right at the point of work. And while the MC2100 is value priced, you get many features usually found in more expensive mobile computers. You can count on best-in-class processing power, rugged design, superior ergonomics, flexible data capture options, enterprise-grade push-to-talk (PTT), centralised management and the ability to create cross-platform, operating system-agnostic applications.

Industry-leading scanning performance on any bar code

Choose the scan engine that will deliver the best performance on the types of data you need to capture.

Superior ergonomics for superior ease of use

The lightweight MC2100 is designed for comfort and one-handed usability.

Rugged design for all-day, everyday use

With a drop and tumble rating, IP54 sealing, a recessed keypad and a Corning® Gorilla® Glass exit window, the MC2100 keeps on working despite inevitable drops, bumps and spills.

Real enterprise-class push-to-talk (PTT)

With the integrated TEAM Express client, you can enable group broadcast and private-response PTT.

Create a single application version for the MC2100 and your other Motorola mobile computers

Motorola's RhoElements allow you to create a single application that looks, feels and acts the same on Motorola mobile computers, regardless of whether it's running on an Android, Microsoft® Windows Mobile or Windows CE operating system.

Main specifications:

Display

Display diagonal:	2.8 "
Touchscreen:	Y
Display:	LCD
External display:	N
Display number of colours:	65536 colours

Memory

Internal memory:	128 MB
Internal memory type:	RAM
Compatible memory cards:	microSDHC
ROM capacity:	256 MB
Maximum memory card size:	32 GB
Processor	
Processor frequency:	624 MHz
Processor family:	PXA 320
Processor manufacturer:	Marvell
GPS Performance	
GPS (satellite):	N
Software	
Operating system installed:	Windows Embedded CE 6.0
Wireless LAN features	
Wi-Fi:	Y
Wi-Fi standards:	802.11b,802.11g,802.11n
Security algorithms:	EAP-TLS,EAP-TTLS,PEAP,WPA,WPA2
Data transmission	
Bluetooth:	Y
Data network:	Not supported
Infrared data port:	N
Bluetooth version:	2.0
Camera	
Built-in camera:	N
Audio	
Built-in microphone:	Y
Speakers:	Mono
Operational conditions	
Storage temperature (T-T):	-40 - 70 °C
Operating temperature (T-T):	-10 - 50 °C
Power	
Battery capacity:	2400 mAh
Battery technology:	Lithium-Ion (Li-Ion)
Weight & dimensions	
Weight:	240.7 g
Width:	60.9 mm
Depth:	34.1 mm
Height:	171.7 mm
Technical details	
Colour of product:	Black
Phone function:	N
RFID reader:	N
Barcode reader:	Y
