Designed to be as hard-working and efficient as you are

Your business relies on tracking your valuable assets and moving your sellable products. The faster you can receive, inventory, pick and ship - without errors and without bottlenecks - the more efficient and profitable your operation can be.

The FX9500 Fixed RFID Reader delivers extremely high read performance, so you can quickly and accurately move and track large volumes of your RFID-tagged cases, pallets and items. It's also ideal for high density tag environments, high-throughput applications and on RF-challenging materials.

Extremely durable, the FX9500 is built for tough industrial environments. It's also built to grow with your business, meeting your RFID needs today and tomorrow.

High-performance RFID reader: PXA270@624 MHz processor, 128Mb/128Mb memory

Ideal for high volume, high density, high throughput applications, RF-challenging environments and on RF-challenging materials such as those with a high metal or liquid content; can accommodate growing needs to future-proof your investment.

Rugged design: IP53 sealing, diecast housing

IP53 sealing, die cast housing; maximizes uptime even in the toughest warehouse or production environments.

Application flexibility and lower deployment costs

4-port and 8-port reader configurations; provides greater application flexibility and lets you cover more portals with fewer readers.

Small footprint

All cabling and input/output ports are on one side, resulting in a compact size that simplifies and reduces the cost of deployment and management.

## Main specifications:

### Memory

Internal memory: 128 MB

Internal memory type: RAM

Flash memory: 128 MB

### GPS Performance

GPS (satellite): N

### Software

Operating system installed: Windows CE 5.0

### Networking

Operating frequency:	902 - 928 MHz
<b>Wireless LAN features</b>	
Wi-Fi:	N
<b>Data transmission</b>	
Bluetooth:	N
Data network:	Not supported
<b>Camera</b>	
Built-in camera:	N
<b>Ports &amp; interfaces</b>	
USB 2.0 ports quantity:	1
Ethernet LAN (RJ-45) ports:	1
<b>Operational conditions</b>	
Storage temperature (T-T):	-40 - 70 °C
Operating relative humidity (H-H):	5 - 95 %
Operating temperature (T-T):	20 - 55 °C
<b>Power</b>	
AC adapter output voltage:	24 V
<b>Weight &amp; dimensions</b>	
Weight:	2130 g
Width:	184 mm
Depth:	50 mm
Height:	273 mm
<b>Technical details</b>	
Colour of product:	Black,White
Phone function:	N
RFID reader:	Y
Barcode reader:	N
